

AMANO®

PARKING SOLUTIONS

AGP-8000 Series

Token, Coin, or Coin/Token Pay Station

FEATURES:

- Single size token (P2 or P8 standard on AGP-8000), programmable vend for one or multiple tokens only.
- Dual vend price selectability/programmability (AGP 8100 and AGP-8200) - switch vend price with internal toggle switch.
- The model AGP-8000 incorporates the IMONEX Acceptor with multiplier board. Models AGP-8100 and AGP-8200 incorporate the NRI G13 Acceptor.
- AGP-8100 and AGP-8200 models accept up to 12 coins, or coins and a token combination.
- Internal removable vault (AGP-8100 and AGP-8200) for secure collection/storage. (Separate locks and keys supplied for vault removal from frame and opening of vault.)
- Dual tubular high security locks.
- Compatibility with Amano Cincinnati Parking Control Systems.
- Optional colors available.

The Amano AGP-8000 Series Payment Station is available in three acceptance configurations - **token-only, coin-only and coin/token** - each providing a dry contact output to raise an entrance or exit gate as part of an Amano Parking Control System.

Model AGP-8000 Token-only

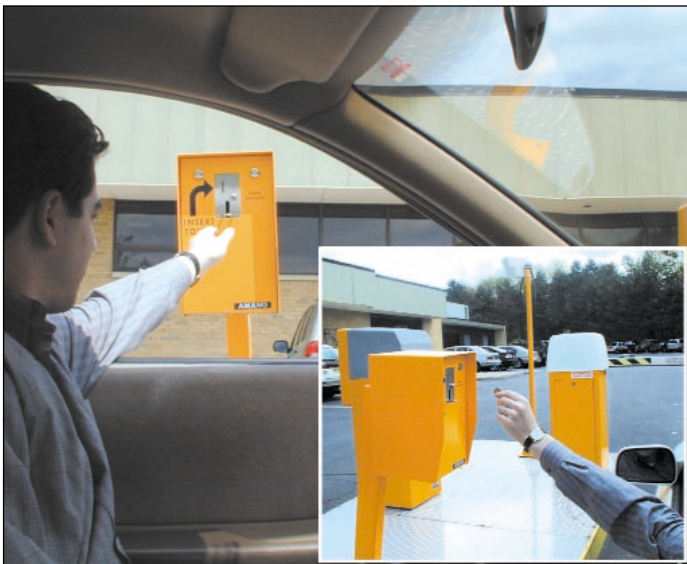

These pay stations are ideal for smaller surface lots where lower fee amounts, reserve usage, day/night, weekday/weekend, or special event flexibility is desirable.

Model AGP-8100 Coin-only

Model AGP-8200 Coin/Token
